Air Quality Forecast for the UK

Issued by the Met Office

Today: During Tuesday southwesterly winds will be strong and occasional rain will affect northwestern areas. This will ensure that air pollution levels remain Low across the UK.

Tomorrow: Air will be sourced from the Atlantic and this will keep Low levels of air pollution during Wednesday.

Outlook: Winds will become light and variable across southern areas on Thursday and Friday with Moderate air pollution levels developing in places. Slight chance for localised High values.
